## **WINNIPEG CIRCUS PROGRAM - 1976 POTENTATE'S MESSAGE**

May I extend a hearty welcome to you on behalf of over 3000 Shriners of Khartum Temple for your attendance at the 43rd consecutive Shrine Circus.

May we also welcome our American neighbors, who are celebrating with us their 200th Birthday as a nation in "the Spirit of '76".

We as Shriners are proud of the fact that what we offer is good clean wholesome "Family Entertainment" at a reasonable cost. Big kids and little kids enjoy the thrills of the Circus and so by your presence you are assisting us in the "World's Greatest Philanthropy".

All of us say "thank you" to our efficient General Circus Chairman Gordon Bieber and the hundreds of dedicated Shriners and uniformed Units, who arrange the many details from year to year. We are indebted to the Media; T.V., Radio and Press for their excellent coverage and support.

To the many business firms, organizations and Circus Daddies a sincere thank you.

If you like what you see, ask the Man in the Red Fez how you can join us in this great work. He will be glad to tell you how.

Enjoy yourself and come back and see us next year.

Harvey Cox, Harvard Theologian has written, "Ordinary people need to develop their competence and confidence in the use of the media for their own purposes, to define and celebrate their own lives and concerns, to deepen their own awareness, to speak out their anger. We need also, means of technical access, so that groups who wish to propose or protest can get their message seen or heard in dramatic form."

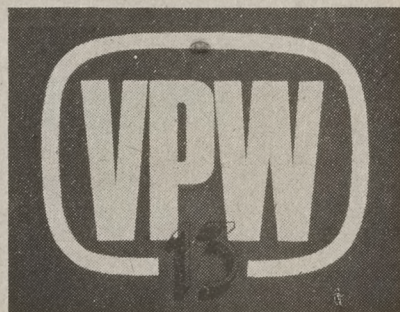

The need that Harvey Cox has pin-pointed, can be met in VPW-13. Public access is available and the ideas of thousands of Winnipeggers have been cablecast on VPW-13.

Over 20,500 local people have used Winnipeg Videon public access cable since October, 1972.

Join them - share skills and use this new means of self-expression via VPW.

The fresher the fish, the better it tastes.  
That's why High Liner tastes so good.

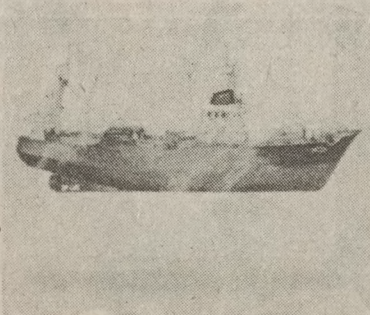

**How do we keep ocean-caught fish deliciously fresh until it reaches you? With ice, ice and more ice! .**

Every one of our High Liner trawlers loads up with 100 tons of ice before it sets out to sea. And as the fish are caught, they're prepared and immediately packed in ice.

This means that High Liner fish is kept at its peak of freshness until it's frozen solid, until it

reaches your table. So when you serve your family High Liner Boston Bluefish, or any of our other appetizing varieties, you always get that superb fresh-from-the-sea flavour.

Try High Liner, and find out for yourself how really good fresh-frozen fish can taste.

# This ever happen when you try to read your policy?

We realize people don't read insurance policies for amusement. But we also realize how it feels when you want to understand your policy and can't.

It's like being lost in a funhouse.

A not-so-funny feeling when it comes to insurance.

At Great-West Life we've come up with a solution to that problem. We provide a written explanation with every policy we issue. With terms like par, non-par, endowment etc. all

defined. In plain English. What's more, we give you something else. Ten days to read it over and change your mind, if you want.

Next time you have a look at your policy and end up baffled, call a Great-West Life agent.

He'll provide some understanding.

Some hotels talk about their large, cosy bedrooms. With others, it's their convenient little restaurants and gracious dining rooms. Exceptional banquet and reception facilities is another favourite boast. And one or two hotels even speak of intimate lounges and lively cabarets. In Winnipeg, one hotel has them all.

## A Fearless Flirtation With Fate

A thrill highlight of the Khartum Shrine Circus, May 8 to 15, 1976, will be the daringly sensational feats as the dainty Mlle. Jacqueline performs her daredevil feats hanging from a miniature space vehicle that circles at the very ceiling of the Winnipeg Arena. Mlle. Jacqueline's performance is billed as "A Fearless Flirtation With Fate" and that aptly describes the exciting performance of this lovely Parisian circus star.

## THE ZAVATTAS

The Zavattas are among the top performers in their specialty - balancing on unsupported ladders. They nonchalantly lean their ladders against thin air - climb to the topmost rungs and perform difficult balancing routines as casually as if their feet were planted on solid ground.

Many of the world's best known circus stars will join the Zavattas in the spectacular Khartum Shrine Circus from May 8 to 15, 1976 at the Winnipeg Arena.

No bareback riders in all circus history have ever accomplished many of the original feats of Roger Zoppe's Troupe of Arabian Riders.

Their colorful costuming, side-splitting comedy and incredible, whirlwind acrobatic riding places them in a category all their own among circus riders. They are, without question, the finest bareback riding act in all the world and are featured at the Khartum Shrine Circus May 8 to 15, 1976.

# TARZAN ZERBINI

## The Circus World's Greatest SuperStar

Returning by popular demand to the Khartum Shrine Circus, May 8 to 15, 1976, is the circus world's top Super-Star, Tarzan Zerbini, and his world renowned wild animal act.

Performing with 18 male and female lions and tigers - Tarzan Zerbini works without any of the usual ap-  
purtenances of the wild animal trainer - no gun, no chair and no whips. He depends entirely upon the superb training he has given his animals and his total command in the arena.
